Like it or not, you can now have guests.

Traditional

When you live in a place like Denver, with the country's best skiing just up the road, having an extra bedroom can be a mixed blessing. Friends you haven't heard from since college suddenly start calling: "Dude, can I come stay with you guys?" So just be ready with some creative responses. "Sure, you can stay in our guest room! Are you allergic to boa constrictors?"

NEIGHBORHOODS

- ❶ A kitchen big enough for an optional island and a couple of bar stools. Now we're talking.
- ❷ Since the second bedroom has its own bathroom, it's actually a guest suite.
- ❸ Two short hallways provide a sense of separation between the bedrooms and the living areas.
- ❹ With the garage, you have a place to put your more obnoxious guests.
