Would you care for some Craftsman shingles with your home? Or perhaps some really big windows overlooking the deck? Or an additional gable on the front with a cute little capped chimney? The Wazee comes in three different exterior styles. We did this, in part, to give each street the kind of architectural variety that makes a neighborhood feel special. And we did it to give you the kind of choices that make you feel special.

MCSTAIN®  
NEIGHBORHOODS

- 1 The kitchen has room for an optional built-in island. Or add a round work table of your own.
- 2 If you live on the lower level, you get a front porch. If you live on the upper level, you get a balcony. Sweet.
- 3 Optional double sinks in the master bedroom mean you'll never ever ever have to fight over who gets to brush their teeth first.
- 4 With the garage, you can also make your car feel special.
