

# The Alcott

The Penthouse Row Homes at Stapleton

Plan 3410

1,701 finished square feet

2-3 bedrooms

2.5-4 bath

2 car garage

## Out, out, out!

You heard us. Get out ... onto the patio that's just off the dining room. It's covered, so don't let the rain stop you. Or out on the optional master bedroom patio. Or out on the penthouse's rooftop deck. And don't come back in until you've written a poem or seen a cloud that looks like a pony.
